

TECHNICAL COLLEGE
OF THE LOWCOUNTRY

TRANSFER OF CREDIT
SA-403

Department Responsibility: Student Affairs
Approved Date: August 18, 2020
Related Policies & Laws: [State Board Policy 3-5-101](#)

CHAIRMAN SIGNATURE

PRESIDENT SIGNATURE

To enhance educational opportunities and encourage student participation in higher education, it is the policy of the Technical College of the Lowcountry to award transfer credit and/or advanced placement credit applicable to an associate degree, diploma, or certificate program at the College. Credits may be awarded through formal articulation agreements, certification of equivalent and/or compatible course work taken at other post-secondary institutions or accredited secondary institutions offering advanced placement courses.

For award of transfer credit, official transcripts must be on file at TCL. A determination on the acceptability of the transfer work will be made by the applicable Division Dean and approved by the Vice President for Academic Affairs. All coursework accepted in transfer will represent collegiate level work with student competencies equivalent to those of students enrolled in the College's own courses and programs.
